To Pima County Regional Flood Control District,  
Re: 4083 S. Leonard Ave.  
FPUP 13-229E

We are submitting an Elevation Certificate for finished construction without an air conditioning system at this time. The home will be occupied within a month's time and because of recent vandalism we feel the need to wait until we are living in the home to install the cooling unit but we need to start moving in. The evaporative cooler will be roof mounted.

If the District would permit releasing of the final hold, I will make sure that a photo is provided showing the evaporative cooler above the regulatory flood elevation.

Sincerely,

A handwritten signature in blue ink that reads "Eulogio Marquez". The signature is written in a cursive, flowing style.
